MASSAGES AND BODY TREATMENTS

The oils used in classic massage get their health-boosting effects from semiprecious stones.

The stones are believed to convey strength, relieve tension, and balance the mind and body. You can make your choice of massage oil according to your own preferences and needs.

Rose quartz: takes care of the heart and adds to beauty and happiness

Aventurine: soothes the nerves and strengthens tendons and the feet

Rock crystal: a master healer; clears the mind

Sodalite: soothes the thoughts, relieves insomnia; balances the mind
